

Scouts Victoria is a Child Safe organisation. We are inclusive of all, regardless of their gender, sexuality, race, religion or abilities, and do not tolerate any form of harm, abuse or neglect.

We take this issue seriously, and we ask that you do too. False or misleading reports can do significant damage to those they accuse, and to those around them. They also take resources away from investigating genuine allegations.

To make a report, please answer as many of the questions as you can with as much information as possible. On submitting this form, you will receive an automatic notification that we have received your report, along with a copy of the report that you have made. We will then be in touch again within 48 hours to follow up your report.

If anyone is in immediate danger, always call 000.

### **PRIVACY**

All information reported here is strictly confidential, however all allegations of child sexual abuse will be reported by Scouts Victoria to the Authorities. We may also advise:

- The alleged perpetrator that an allegation has been made against them, and the substance of that allegation; and
- The team leaders that the alleged perpetrator reports to

# SCOUTS VICTORIA

## EXTERNAL CHILD PROTECTION REPORT

CP2
