## PERSONAL LOG BOOK

This book has been provided to enable you to keep an accurate record of all activities that you participate in during your Scouting career.

For the personal log to be of value it must be filled in accurately and comprehensively. It has specific value in relation to experience requirements for further certificate levels and maintains and increases the value of certificates held. To be valid all certificates must be accompanied by a properly completed log book.

Complete all columns within the section and all entries should be signed by an instructor or suitably qualified person (authorised to sign your log book).

Entries in this log book are not limited to Scouting activities and may include activities and/or qualifications with other organisations.

Should you require further information or clarification in relation to using this log book, please contact your Branch Office.
