

## Training Publications

There has been a significant change to the training publications that used to be sent to all New Leaders.

It now includes direct links to the Adult Leader Resources that are no longer in Print as well as links to the latest Policy and Rules and Promise and Law material. References to these documents are also made within the e-Learning Modules as well.

The publications themselves are sitting as downloads within e-Learning Basic Sectional so Members will need to be login to access them. As stock of the other Adult Leader Sectional Publications are exhausted they too will be added to e-Learning in the same manner. You will be notified when this is about to occur.

Basic Sectional Techniques - Scouts

7 h 25 min | 0% complete | 4 modules

Basic Sectional Techniques is a collection of modules for your Youth Section that cover four areas:

- Organisational Management
- Sectional Knowledge (the award Scheme etc)
- Planing and running great programs
- and, Outdoor Activities, camping and caring for the environment.

After completing these modules and the assignments they include you will have come a long way in your intial Leader training.

As with all e-Learning modules, you can pause at any time and come back later to continue.
