

Service Award

From the time you are invested as a Cub Scout, as the first year clocks over, you are presented with a "1" year Service Award. If you're in Cubs for two or even three years, you will replace your "1" Badge with a "2", then a "3". This badge can stay on your uniform right through Scouts, Venturers and Rovers... and you can get green, maroon and red Service Award respectively for your time in those Sections... and if you came up from Joeys, you may have a tan coloured one from there as well.
