'Ideals Visit' Background: The Copts are an ethnoreligious group indigenous to Northeast Africa who primarily inhabit the area of modern Egypt, where they are the largest Christian denomination in the country. Historically, they spoke the Coptic language, a direct descendant of the Demotic Egyptian that was spoken in late antiquity.

Copts in Egypt constitute the largest Christian population in the Middle East and North Africa, as well as the largest religious minority in the region. Most Copts adhere to the Coptic Orthodox Church of Alexandria, an Oriental Orthodox church. The smaller Coptic Catholic Church is an Eastern Catholic church in communion with the Roman Catholic Church.
