

Guide for Program Essentials and Milestones Introduction

Program Essentials

Program Essentials is the “base camp” of all aspects for the Achievement Pathways and is a Scouts core Scouting experience.

Program Essentials involves 3 main parts: -

- Introduction to Scouting
- Introduction to Section
- Milestones

Participate-Assist-Lead is an integral part of Milestones so let's explore Milestones first. Further information and resources about Introduction to Scouting and Introduction to Section will be provided at a later date.

So, what are Milestones?

- Milestones are a core component of the program experience, Program Essentials and it is expected that all Scouts will achieve their Program Essentials Milestones regardless of their interest in exploring other aspects of the framework
- Milestones involve Scouts being actively involved in a diverse range of Challenge Area-related activities over a 6 to 12 month period and each Scout will take on roles of Participating, Assisting and Leading
- There are 3 Milestones in the program and each Section's requirement for Participate-Assist-Lead for each Milestone will vary
- Scouts gain Milestone achievements by participating, assisting and leading and will be presented with a Milestone badge to wear on their uniform

As you read through what constitutes a Participate-Assist-Lead for each Section's Milestones note: -

- How as the Scout progresses through the Unit the challenge for the next Milestone also increases
- How the requirement for an Assist or Lead is a natural progression from the previous Milestone
- As a Scout journeys to the next Section, the underlying theme of an Assist or Lead is the same as the previous Section but with heightened challenge
- This demonstrates a Scouts personal progression and development along their Scouting journey
