

Minute To Win It Games

These games can be played in patrols or as a whole section. It can be fun to do each challenge twice – once as a practice and then once as a challenge.

You will need a timer. It's more fun to share your screen so everyone can count down!

Not everyone will have access to all the equipment, so take care to alternate between easy to find equipment and harder to find. Another idea could be to give each patrol a set of challenges so they don't need to get lots of equipment.
