

Special Interest Areas for Cuboree

At Cuboree, you can do some work on an SIA that you started back at home. Here are some ideas that link to activities at Cuboree, as suggested by the Cuboree Unit Council.

CULTURE

Research the Aboriginal history of your area
What flora and fauna are there?
What are their local Aboriginal names?

How to operate a radio
Radio procedures
Learn the Phonetic Alphabet

2-WAY RADIO

ROCKETS

How do they work? Air, fuel, flames...
Where do they go to?
Who flies them? Are there passengers?

Movies & Projection
Music, singing, playing instruments
Groovy dancing

Acting Roles
Stage lighting
Art and makeup

THEATRE

CHEMISTRY

How do coloured lights work?
How do LEDs work in an electrical circuit?
How do glow sticks light up at night?

PLAN > Discuss your SIA idea with your Unit Council or Leaders and get it approved

DO > start your project at home, then continue it at Cuboree

REVIEW > Share your project achievements
