

# KEY WORDS FOR USE IN KING'S SCOUT CEREMONIES

The King's Scout Ceremony has many symbolic statements to reflect the importance of the award for Venturers.

In preparing the ceremony, the Recipient together with adult Leaders have the choice of elements to include in either a traditional or contemporary presentation.

The elements which should be mandatory are:

- Australian Scout Law
- Charge
- Australian Scout Promise

**Some examples of the King's Scout's response will be particularly useful in scripting what you will say to your audience.**

## **Eulogy**

King's Scouts are those who, having thoroughly trained themselves in Scoutcraft, place that training at the disposal of the community for public service.

The solid foundations on which the Scoutcraft is built is the Scout Law. Unless a Scout observes the Scout Law to the best of their ability, by the very wording of the Law, they cease to be a Scout.

## **The Australian Scout Law**

### **Be Respectful**

Be friendly and considerate  
Care for others and the environment

### **Do What is Right**

Be trustworthy, honest and fair

Use resources wisely

### **Believe in Myself**

Learn from my experiences  
Face challenges with courage

## The Australian Scout Promise

There are two versions of the Australian Scout Promise.  
Individuals may select which version they wish to make.

On my honour, I promise  
To do my best,  
To be true to my spiritual beliefs,  
To contribute to my community and our world,  
To help other people,  
And to live by the Scout Law.

OR

On my honour  
I promise that I will do my best  
To do my duty to my God, and  
To the Queen of Australia,  
To help other people,  
And to live by the Scout Law.

## The Charge

<name>, I charge you ever to remember that you are a King's Scout for life and to continue to aspire to live by the Scout Promise and the values in the Scout Law.

By doing so, may your example of personal integrity and your life of service inspire others to accept the challenge of Venturing as you have done and achieve what you have achieved.

## Be Prepared

"Be Prepared" is the Scouting motto. For Scouts this can mean "Be Prepared for Venturing".

"Look Wide" is the Venturer motto. These days it is only too easy for people to get set in their ways. The pressures of academic competition would seem to make life outside the VCE an impossible dream. But you are at an age where you should be exploring everything, not becoming narrow.

You have shown, that with the abilities of organisation and planning that a Venturer develops, dreams can become reality. You have demonstrated that by looking wide, you

have discovered interests that you would not have dreamed about. What is more, you have developed your own character. You can think for yourself and you have gained confidence.

You are now “prepared” and, by your example, and by continuing to live by the Scout Law, you can go into the adult community as leaders of the future wherever your future may lie.

Go forward, Be Prepared, Look Wide, take up the opportunities and challenges of life with confidence, and be worthy members of our great worldwide Scout brotherhood.

Good Scouting.

### Epilogue

Look Wide is the Venturer motto.

The challenge to your imagination, offered by Venturing has shown you can master many exploits. The exhilaration of experimenting in the broad field of Scouting has given you the desire to become a leader in the field of young adults and offering you the opportunity of showing your ability to improvise.

To help a fellow Scout enjoy Scouting, as much as you have is one way you can help them make the most of their opportunities – teach them all you know.

Go forward then – **LOOK WIDE** and be a good King's Scout and may your journey in life bring you good Scouting wherever your quest may take you.

### Closing Reflection - Friendship

On a special occasion such as this, sometimes it is hard to say what you need to say.

Everyone is special in their own way.

Today we see people coming together for a special event, laughing, joking, smiling, and having fun.

Every time I see people in the Scouting Movement, especially those here today, every time we go hiking, camping or when we just muck around in the hall, I think to myself, no, not a wonderful world, but how lucky am I to know these people, to help these people and for their assistance?

Through Venturers we have found acceptance and friendship. When we are lonely or when we have good news to share, we know we can contact someone we have met in Venturing.

I have met many people through Scouts, and through joining the Scouting Movement, that I have changed for the better, and I am sure, so have you.

It takes a special kind of person to be a Scout, to be caring and friendly. I see the qualities of our Scout Law in these King's Scout's today.

Today is a special occasion and as Venturers, we have come from near and far to help fill this day with laughter and friendship.

We do not all go to the same school, we do not all hang out together and in most cases, we'd never have talked to each other, ever!

We have found friendship in Venturers and most importantly, other special people like ourselves.

So, think of your times in Venturers and who you spent those time with, the friends you made in Venturers.

So, thank you God for these special people, thank you for the good times and thank you God for you.

### **The King's Scout's Response**

Probably the worrying part of the King's Scout Ceremony for the King's Scout, is their response to the audience.

After listening to the achievements of the King's Scout and witnessing the presentations, the expectation is for the King's Scout to make a reasonable reply. And this should be the case.

Public speaking is something most people try to avoid, but there are times in our lives when it has to be done.

King's Scouts should find their session notes from the "Effective Speaking Session" from the Leadership Course. Remember your vocal delivery, your mannerisms and stance, prepare notes on cards if you need to, and remember to make eye contact. Don't forget – deep breathing just before you start to speak to relax.

King's Scouts who giggle during their speech, or any other part of the ceremony, put across a poor image.

Yes, we all get nervous, and this is an important occasion, however as a King's Scout you cannot get away with just one or two sentences in your response.

To assist those of you who want some ideas of what other King's Scouts have said, these few speeches may be of some help.
